33 BEAUTIFUL COLORS

DESIGNER COLLECTION

A beautiful collection of darker, richer colors with tremendous curb appeal, providing a real value for homeowners seeking a unique, darker finish that stands out and stands apart from others in the neighborhood.

Ever Weathered COLOR COLLECTION

Four colors inspired by the classic beauty of natural cedar.

Our weathered collection has a traditional cedar profile. We have created a natural color palette reflecting the look of exposed, raw cedar, depicting the warm and inviting tones of aging cedar shingles. The four hues of northern white and western red are shown below, along with 29 other homeowner preferred colors.

Colors are mechanically reproduced. For color accuracy, please see actual product sample.
